

New Item Release_2008

Desktop Audio 2

Debut of a compact all-in-one-type audio.

It is a compact type audio for enjoying not only CDs but also the sound of the portable digital audio player at your home.

Because of its compact size, it can be placed almost anywhere including your bedside or on a desk.

A remote controller is included in the package for remote operation.

It is equipped with an alarm function that brings you a fresh awakening in the morning with your favorite music. A snooze function is equipped to make sure you get out of bed.

Though compact in size, a powerful surround sound is realized by the bass reflex type speaker.

Combination of two different materials such as natural wood and aluminum can be selected according to your interior.
